A stylish dormer and a decorative front porch reveal this home's Craftsman-inspired style, while alluding to the attractive spaces within.

That familiar charm

FOR AP WEEKLY FEATURES

Craftsman-inspired details lend familiarity and charm to the exterior of this home, LS-21023-B, by the Home Plans LLC. Its floor plan covers 1,800 square feet of living space.

Decorative columns highlight the front porch, which offers ample space for relaxing outdoors. Inside, a spacious family room joins with the island kitchen to create an ideal location for big gatherings. A fireplace and built-in shelves add ambience as well as practicality.

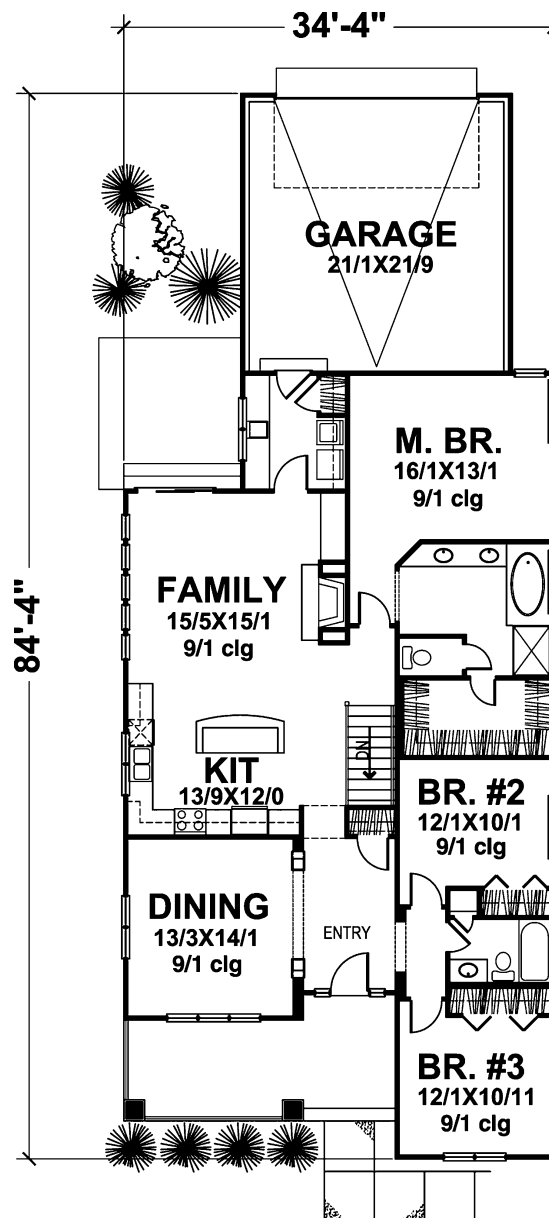

Special occasions are suitable in the formal dining room, where a stylish entry is framed by tapered columns. Windows throughout these common living areas brighten the home's atmosphere.

For privacy, two secondary bedrooms are tucked into a secluded little hallway, complete with a full bath. The master suite is extra appealing because of its luxurious private bath.

A mudroom with laundry facilities adjoins an attached two-car garage for convenience.
